## Cold Sandwiches

\*Our Daily option is what we have on hand at all times. Many of these items will be in our deli case, but everything can be made custom. Eileen's curry and creole dry rub spices are blended in house, cooked for better flavor and added to a variety of items and dressings.

\*Sandwiches can be ordered as individual, bag lunch, box lunch and platters. Delivery is available to Fredericksburg with one day's notice.

\*A vegetarian or vegan option is available daily. Any of our salads in the case can be made into a sandwich or lettuce wrap. Our white bread, baguette, and multi grain are vegan friendly and have been since Eileen's opened her door to Fredericksburg. Many of our specialty breads are also vegan friendly. Please drop us a line and inquire about the daily selection. We enjoy making our custom VEGAN and vegetarian sandwiches. Hot or cold we have a few combinations that are delicious. We work consciously when making these sandwiches, to keep them true to the meaning of "living vegetarian". Whether it's a quiche, salad, soup or sandwich we approach this style of life with great care.
